That's a wrap! This week was the ultimate showdown on the final episode of HGTV's "Rock The Block" at Aliento.

In the final challenge, the four designers focused on finishing the homes' remaining rooms and exteriors. Designers Alison Victoria, Jasmine Roth, Mina Starsiak Hawk and Leanne Ford added extra bedrooms and unique front doors, created stunning landscape designs and more.

And the winner is ...  
**Jasmine Roth!**

Jasmine transformed her "Rock The Block" house to reflect her unique personal style of California casual.

Did you love the way Jasmine and Mina transformed the dens into extra bedrooms? Homes at Aliento offer bonus rooms and flexible floor plans, which means you're able to create the space that's right for your needs.

Come see all four homes on the honorary "Jasmine Lane" at our **Aliento Rockin' Reveal Party** on **Saturday, November 16!** We'll have tours of the "Rock The Block" homes, food trucks, live entertainment and fun kids' activities. Click below to learn more and RSVP.
